UnicornAttractor - Testing Checklist					
Home Page					
Navbar and sidenav	**xs**	**sm**	**md**	**lg**	**xl**
Brand logo aligned to the left on lg and xl screens	N/A	N/A	N/A		
All links visible and aligned to the right on lg and xl screens	N/A	N/A	N/A		
Background colour for nav links change on hover with transition effect	N/A	N/A	N/A		
Links are hidden on xs, sm and md screens and replaced with sidenav trigger				N/A	N/A
Sidenav trigger loads the side nav on click				N/A	N/A
Sidenav trigger aligned to the left				N/A	N/A
Brand logo center aligned when sidenav trigger visible				N/A	N/A
Background colour for sidenav links changes on hover				N/A	N/A
Brand logo font size changes as screen width decreases					
Brand logo routes user to the homepage					
All links in navbar and sidenav take user to the relevant pages					
Home, Tickets, Dashboard, Login and Register links available when user isn't logged in					
Home, Tickets, Dashboard, Profile and Logout links available when user is logged in					
Page title	**xs**	**sm**	**md**	**lg**	**xl**
Center aligned					
Says 'Welcome!' when user isn't logged in					
Says 'Welcome,', followed by 'username!' when user is logged in (e.g: Welcome, Hebs87!)					
Font size decreases as screen width decreases					
Index image	**xs**	**sm**	**md**	**lg**	**xl**
Center aligned and responsive					
Card titles	**xs**	**sm**	**md**	**lg**	**xl**
Center aligned					
Font size decreases as screen width decreases					
App Store and Google Play buttons	**xs**	**sm**	**md**	**lg**	**xl**
Displayed side by side on desktop	N/A	N/A	N/A		

	xs	sm	md	lg	xl
Stacked on mobiles and tablets				N/A	N/A
Loads the relevant App Store or Google Play store in new browser tab on click					
New Bug and New Feature cards	**xs**	**sm**	**md**	**lg**	**xl**
Displayed side by side on desktop	N/A	N/A	N/A		
Stacked on mobiles and tablets				N/A	N/A
Display Login and Register links when user is not logged in					
Login and Register links change colour with transition effect on hover					
Login and Register links route user to the relevant page on click					
Displays the 'NEW BUG' or 'NEW FEATURE' button when user is logged in					
Buttons change colour with transition effect on hover					
Buttons route user to the relevant page on click					
Tickets card	**xs**	**sm**	**md**	**lg**	**xl**
Tickets link changes colour with transition effect on hover					
Tickets link routes user to Tickets page on click					
Footer	**xs**	**sm**	**md**	**lg**	**xl**
Site name and social links centered in the relevant div					
GitHub social link takes user to the project's GitHub repository					
LinkedIn social link takes user to my LinkedIn page					
All displayed on the same line on md to xl screens	N/A	N/A			
Stacked on xs and sm screens			N/A	N/A	N/A
Flash messages	**xs**	**sm**	**md**	**lg**	**xl**
Shown at the top of the page under the navbar					
Displayed only for 3000 milliseconds and then disappear					
Transition effect when flash message appears					
Login Page					
Login Card	**xs**	**sm**	**md**	**lg**	**xl**
Title center aligned					
Title font size decreases as screen width decreases					
Title states 'Login'					
Login form	**xs**	**sm**	**md**	**lg**	**xl**
Icon prefixes are displayed to the left of the form inputs					
Icons change colour when field is in focus					

	xs	sm	md	lg	xl
Forgot My Password link changes colour with transition effect on hover					
Forgot My Password link takes user to password reset screen on click					
Register link changes colour with transition effect on hover					
Register link takes user to Register page on click					
Login button background colour changes with transition effect on hover					
If incorrect details entered, flash message displays advising the user of this and form refreshes					
If details match, user is successfully logged in and redirected to profile page, confirmation flash message displayed					

Register Page

Register Card	xs	sm	md	lg	xl
Title center aligned					
Title font size decreases as screen width decreases					
Title states 'Register'					

Register form	xs	sm	md	lg	xl
Login link changes colour with transition effect on hover					
Login link takes user to Login page on click					
Icon prefixes are displayed to the left of the form inputs					
Icons change colour when field is in focus					
Register button background colour changes with transition effect on hover					
If the username or email address is already taken, flash message displayed advising the user of this and form refreshes

Logout link	xs	sm	md	lg	xl
When the user clicks the 'Logout' link in the sidenav or the navbar, user session ends, user is logged out and redirected to the homepage and confirmation flash message displayed					

Reset Password Page

Reset Password Card	xs	sm	md	lg	xl

	xs	sm	md	lg	xl
Title center aligned					
Title font size decreases as screen width decreases					
Title states 'Reset Password'					
Reset Password form	**xs**	**sm**	**md**	**lg**	**xl**
Icon prefixes are displayed to the left of the form inputs					
Icons change colour when field is in focus					
Buttons background colour changes with transition effect on hover					
Cancel button takes user back to previous page on click					
Submit button registers the reset password request, sends reset email to email address entered, if email address has an associated account registered, and redirects user to confirmation Password Reset Sent page					
Password Reset Sent Page					
Reset Password Card	**xs**	**sm**	**md**	**lg**	**xl**
Title center aligned					
Title font size decreases as screen width decreases					
Title states 'Reset Password'					
Login link changes colour with transition effect on hover					
Login link takes user to Login page on click					
Reset Password Email					
Email contents	**xs**	**sm**	**md**	**lg**	**xl**
Contains a link for the user to change their password and displays the username associated with the email address					
Link redirects user to Enter New Password page on click - loads in new browser tab					
Enter New Password Page					
Enter New Password Card	**xs**	**sm**	**md**	**lg**	**xl**
Title center aligned					
Title font size decreases as screen width decreases					
Title states 'Reset Password'					
Enter New Password form	**xs**	**sm**	**md**	**lg**	**xl**
Icon prefixes are displayed to the left of the form inputs					
Icons change colour when field is in focus					

Button background colour changes with transition effect on hover					
Submit button updates user's password in the DB and redirects user to confirmation Password Reset Complete page					
Password Reset Complete Page					
Password Reset Complete Card	xs	sm	md	lg	xl
Title center aligned					
Title font size decreases as screen width decreases					
Title states 'Reset Password'					
Login link changes colour with transition effect on hover					
Login link takes user to Login page on click					
Profile Page					
Page title	xs	sm	md	lg	xl
Center aligned					
Displays username followed by "Profile" (e.g: hebs87's Profile)					
Font size decreases as screen width decreases					
Profile Details Card	xs	sm	md	lg	xl
User's profile image centre aligned and circular					
Image is responsive and covers the area without getting distorted					
Icons are different colour to the text					
Button background colour changes with transition effect on hover					
Edit Profile button loads the edit profile modal on click					
Edit Profile Modal	xs	sm	md	lg	xl
Title center aligned					
Title font size decreases as screen width decreases					
Icon prefixes are displayed to the left of the form inputs					
Icons change colour when field is in focus					
Form fields pre-populated with existing user information					
Buttons background colour changes with transition effect on hover					
Image file input button allows user to select a local image to upload					
Form cannot be submitted without an image file upload					

	xs	sm	md	lg	xl
Update button updates the user's record with the new details, resizes the image height or width to 300px (whichever is the greater size) but maintains the image aspect ratio and converts image file type to png on click					
Once user's detials are succefully updated, Profile page refreshes and new details and image displayed in Profile Details card					
My Bugs and My Features Card	**xs**	**sm**	**md**	**lg**	**xl**
Titles center aligned					
Title font size decreases as screen width decreases					
Each section takes 50% of div width on tablets and desktops	N/A	N/A			
Sections are stacked on mobiles			N/A	N/A	N/A
Ticket titles and descriptions are left aligned					
Ticket titles change colour with transition effect on hover					
Ticket descriptions are truncated					
Only tickets created by the user are displayed in these sections					
Bugs and Features are displayed in the relevant sections					
Clicking the Ticket's div takes user to the full details page for that ticket					
Bug Report link changes colour with transition on hover					
Bug Report link redirects user to New Bug page on click					
Feature Request link changes colour with transition on hover					
Feature Request link redirects user to New Feature page on click					
Dashboard Page					
Page title	**xs**	**sm**	**md**	**lg**	**xl**
Center aligned					
Font size decreases as screen width decreases					
Top 5 Card	**xs**	**sm**	**md**	**lg**	**xl**
Titles center aligned					
Title font size decreases as screen width decreases					
Helper text asks user to 'click' on ticket on desktop	N/A	N/A			
Helper text asks user to 'tap' on ticket on mobiles and tablets			N/A	N/A	N/A
Tickets are sorted in descending order of upvotes and only top 5 most voted for bugs and features are displayed					

Description	xs	s	md	lg	xl
Each section takes 50% of div width on tablets and desktops	N/A	N/A			
Sections are stacked on mobiles			N/A	N/A	N/A
Ticket titles and descriptions are left aligned					
Ticket titles change colour with transition effect on hover					
Ticket descriptions are truncated					
Bugs and Features are displayed in the relevant sections					
Clicking the Ticket's div takes user to the full details page for that ticket					
Status Bar Chart Card	**xs**	**s**	**md**	**lg**	**xl**
Title center aligned					
Title font size decreases as screen width decreases					
Helper text asks user to 'click' on chart sections on desktop	N/A	N/A			
Helper text asks user to 'tap' on chart sections on mobiles and tablets			N/A	N/A	N/A
Chart displays number of tickets at a particular status and displays stats for both bugs and features					
Chart is interactive and relevant stats are displayed on hover over/tap on each section					
Ticket Types Bar Chart Card	**xs**	**s**	**md**	**lg**	**xl**
Title center aligned					
Title font size decreases as screen width decreases					
Helper text asks user to 'click' on chart sections on desktop	N/A	N/A			
Helper text asks user to 'tap' on chart sections on mobiles and tablets			N/A	N/A	N/A
Chart displays number of bugs and number of features					
Chart is interactive and relevant stats are displayed on hover over/tap on each section					
Tickets Page					
Page title	**xs**	**sm**	**md**	**lg**	**xl**
Center aligned					
Font size decreases as screen width decreases					
New Bug and New Feature cards	**xs**	**sm**	**md**	**lg**	**xl**
Displayed side by side on desktop	N/A	N/A	N/A		
Stacked on mobiles and tablets				N/A	N/A
Display Login and Register links when user is not logged in					

Feature	xs	sm	md	lg	xl
Login and Register links change colour with transition effect on hover					
Login and Register links route user to the relevant page on click					
Displays the 'NEW BUG' or 'NEW FEATURE' button when user is logged in					
Buttons change colour with transition effect on hover					
Buttons route user to the relevant page on click
